1. **Contract Documents:** This Agreement includes all general provisions, special provisions and attached proposals that were accepted by the lender. Work not covered by this agreement will not be required unless it is required by reasonable interference as being necessary to produce the intended result. By executing the Agreement, the contractor represents that he/she has visited the site and understands local conditions, including sate and local building regulations and conditions under which the work is to be performed.

2. **Owner:** Unless otherwise provided for in the Agreement, the owner will secure and pay for necessary easements, exceptions from zoning requirements, or other actions which must precede the approval of a permit for this project. If Owner fails to do so then this contract is void. If the contractor fails to correct defective work or persistently fails to carry

out the work in accordance with the Agreement or General Provisions, the owner may order the contractor in writing to stop such work, or a part of the work, until the cause for the order has been eliminated.

3. **Contractor:** The contractor will supervise and direct the work and the work of all subcontractors. He/she will use the best skill and attention and will be solely responsible for all construction methods and materials for coordinating all portions of the work. Unless otherwise specified in the Agreement, the contractor will provide for and/or pay for all labor, materials, equipment, tools, machinery, transportation and other goods, facilities and services necessary for the proper execution and completion of the work. The contractor will maintain order and discipline among employees and will not assign anyone unfit for the task. The contractor warrants to the owner that all materials and equipment incorporated are new and that all work will be of good quality and free of defects or faults. The contractor will pay all sales, use and other taxes related to the work and will secure and pay for building permits and/or other permits, fees, inspections and licenses necessary for the completion of the work unless otherwise specified in the Agreement. The contractor is responsible for, and indemnifies the owner against, acts and omissions of employees, subcontractors and their employees, or others performing the work under this Agreement with the contractor. The contractor will provide shop drawings, samples, product data or other information provided for in this Agreement, where necessary.
4. **Subcontractor:** Selected by the contractor, except that the contractor will not employ any subcontractor to whom the owner may have a reasonable objection, nor will the contractor be required by the owner to employ any subcontractor to whom the contractor has a reasonable objection.
5. **Work by Owner or Other Contractor:** The owner reserves the right to perform work related to the project, but which is not a part of this Agreement, and to award separate contracts in connection with other portions of the project not detailed in this Agreement. All contractors and subcontractors will be afforded reasonable opportunity for the storage of materials and equipment by the owner and by each other. Any costs arising by defective or ill-timed work will be borne by the responsible party.
6. **Binding Arbitration:** Claims or disputes relating to the Agreement or General Provisions will be resolved by the Construction Industry

Arbitration Rules of the American Arbitration Association (AAA) unless both parties mutually agree to other methods. The notice of the demand for arbitration must be filed in writing with the other party to this Agreement and with AAA and must be made in a reasonable time after the dispute has arisen. The award rendered by the arbitrators will be considered final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

If the contractor is delayed at anytime in the progress of work by change orders, fire, labor disputes, acts of God or other causes beyond the contractor's control, the completion schedule for the work or affected parts of the work may be extended by the same amount of time caused by the delay. The contractor must begin work no later than 30 days after the loan closing and will not cease work for more than 30 consecutive days.
